

## NPHI Membership Benefits

- Efforts centered on enhancing our collective role as the national voice for the future of not-for-profit, hospice, palliative, and advanced illness care
- Connections to key stakeholders, legislators, and regulators at the federal level
- Opportunities for close collaboration with like-minded providers in discipline-specific groups:
  - Senior staff can participate in various forums and workgroups
  - Members have access to a portal to raise discussions with 2,000+ colleagues across the nation
- Patient, caregiver, and provider resources from NPHI's innovation lab – created with the collective expertise of SME's (including member input)
- Access to a member-driven, responsive team
- Weekly Policy Alerts along with timely response to CMS Updates
- Access to an experienced and respected policy team who are leading the charge in Washington on end-of-life care
- Curated communications materials available to help individual members showcase their value proposition
- The only space dedicated to fostering long-term sustainability of non-profit advanced illness and end-of-life care providers
- Opportunity to add job postings on the NPHI website at no additional cost
- Use of a national toll-free number for patients and families to find a local not-for-profit provider
- Quality end-of-life educational content, including workshops and opportunities for CEU/CMEs
- Access to spending benefits and our GPO with \$2B+ annual spend
- Events and presentations with government leaders, key CMS staff, and national experts in end-of-life care
