

## **Mynd Immersive Overview**

Mynd Immersive, formerly known as MyndVR, is the leading VR-based, digital therapeutics provider for senior living communities, home care agencies, Veteran homes, and adults aging at home in the US, UK, Canada, and Australia. We have established strong relationships with renowned institutions such as Stanford, VA, and the Center for Medicare and Medicaid Services. This allows us to build the most advanced portfolio of original and licensed therapeutic VR content, empowering older adults to interact with the outside world in innovative ways that promote engagement, wellness, and positive outcomes.
